

Year group: 3

Term: 4

Project title: Human body and light

Project and Exhibition:

Project synopsis:

An eclectic term focusing on exciting literary and artwork opportunities, including world book day and zulu week.

Curriculum opportunities:

English: We will be focusing on an exciting text called the imaginary in English, supported by a guided reading text called Pugs of the Frozen North.

Maths: We will be concentrating on statistics followed by measure and perimeter.

Science: We will be looking at the human body, in particular the bones and muscles. We will also be investigating light via implementing and hypothesising over a number of exciting experiments.

Humanities: We will be focusing on classroom items and furthering our food vocabulary.

Creative arts: We will be studying a number of creative techniques to help create pieces of art work with a zulu theme, to include: shading, colour mixing, colour washes and drawing techniques.

Outdoor Learning: We will be focusing on shelters, knots and spring flowers in forest school.

Engagement Activity:

Zulu performance and dance class

Communicating learning:

Art gallery

Parents evening

Key Vocab:

Bar graph

Tally chart

Data

Skeleton/ bones/
muscles

Project outcomes:

- Fluency in statistics, including graph reading and drawing
- Beautiful artwork
- Total immersion and engagement in English texts
- Undertaking and designing experiments

How you can help:

Complete homework.

Read with your child at home.

Investigate the human body at home.

Practise art skills.
